

BACHELOR OF ARTS WITH A MAJOR IN APPLIED PSYCHOLOGY

Applied Psychology Major Objectives

Psychological study is complemented by business knowledge through the completion of a minor in business administration. The combination of a solid background in theoretical and applied psychology plus exposure to core business courses prepares students for either entry-level careers or graduate study.

Students in the Applied Psychology major will:

- Demonstrate knowledge of the major concepts, theoretical perspectives, empirical findings, and historical trends in psychology.
- Apply basic research methods in psychology, including research design, research ethics, data analysis, and interpretation.
- Use critical and creative thinking, skeptical inquiry, and the scientific approach to solve problems related to behavior and mental processes.
- Apply psychological principles ethically to personal, social, and organizational issues.
