

MINORS

A Bryant education is founded on a curriculum that balances contemporary business, traditional liberal arts, and innovative technology.

All business students must complete a liberal arts minor as part of their academic program. Combining their studies in this way allows students to develop a diverse knowledge base and provides a strong foundation for lifelong learning.

Students pursuing a degree program in the College of Arts and Sciences are required to complete a business minor.

Students pursuing a degree program in the College of Arts and Sciences may apply no more than 30 hours of credit from the College of Business to a liberal arts program.
